

The Supported Life Institute is pleased
to announce the opening of the

Communication Technology
Education Center (CTEC)

CTEC will offer assessment and training services in
the area of Augmentative & Alternative Communication (AAC).

Services will include:

- ◆ Assessments to identify appropriate AAC devices /strategies.
- ◆ Training in the use of AAC devices and strategies.
- ◆ Monthly "Techsploration" times, workshops, and demonstrations from AAC company representatives. See the event calendar, or check our website, for details.
- ◆ Customized workshops for your group or organization can be scheduled at your facility. Call for pricing information.

Communication Technology Education Center (CTEC)
